

Fostering and supporting international talents

What is FIT?

FIT is a German acronym and stands for “Supporting International Talents with regard to the Integration into Higher Education and the Job Market”. The program is designed to **promote the development of measures** to prepare students before starting their studies, provide ongoing support during their time in Germany, and ensure the successful completion of their degree. Additionally, FIT aims to expand the career services for international students at German universities.

Objectives

- ▶ Tailored study preparation
- ▶ Academic support
- ▶ Measures to ensure academic success
- ▶ Easy career entry for international students

CommuniCare – the collaborative project of HSD Hochschule Döpfer and the International University of Applied Sciences SDI Munich

Qualification of international talents for the German labour market with a holistic approach to apprenticeships and/or studies, focusing on subject-specific, linguistic and intercultural skills and thus ensuring long-term integration
